What's New In CyE CD DVD Door Opener?

CyE CD/DVD Door Opener is a small application that opens CD or DVD drive doors with the press of a button. This program can be use with [CTRL+ALT+[Drive Letter]] or if you have your mouse pointer near the system tray you can just right click on the icon and chose the drive you want to open. If you have a disc inside the unit and the unit will not load it, just close "CyE CD/DVD Door Opener" and go to the disc and you will see it, after that you can reopen the program. More info: The new application also can open the CD or DVD with random numbers. This feature is possible with CTRL+ALT+[Drive Letter] keyboard shortcuts only.
