The best plug-in for creating seamless fabric and carpet textures. This tool allows one to control two independent "crepe" layers. The layer can be filled with the image. The other layer can be used for controlling the "crepe" pattern and applied to the top of the initial image. The Random settings generator is a key element of this plug-in. The chance for producing a variety of seamless textures is very high. There are two unique settings. The second setting is especially suitable for fabric designers. An advanced random settings generator is used. The "Dark Settings" produce exquisite patterns, some of them can look like neo-romantic art. All the settings can be controlled by the wheel control. Craquelure 3D plug-in filter v1.35 freeware This is the most powerful plug-in in the category of the "Crepe" filters. The Craquelure 3D plug-in is an easy tool

to create a wide range of well-known "Crepe" effects. The filter is useful in designing various abstract patterns, decorative surfaces and construction materials. Two independent layers can be controlled to achieve an amazing variety of texture effects, from etched metal and silk plaster to melted glass and water ripples. The random settings generator helps you to quickly and easily produce unlimited variations of craquelured surfaces. Two seamless texture settings, available after the filter installation, can be used to produce numerous effects of "Crepe" textures, e.g. "carpet crepe", "shag crepe", "silk crepe", "sewing crepe", "wall tiles", "sheet crepe", "pulp-paper crepe", "metal crepe", etc. Emblazer Photoshop plugin v1.12 demo Emblazer Photoshop Plug-in Filter - This is a feature rich tool for the creation of professional quality futuristic patterns and ornaments.
